Perfect are the people who are out on their own
You gotta get free to live
And girl you've got me singing like I'm not all alone
You're gonna get me to exist

Cause oh if you could only see
The lovely way you breathe
On the bed where you lay
To the corners of your eyes
If only I could have you tonight
Oh, yes if only I could have you tonight

And vacant are the spaces where we meet at the
mouth
I gotta win free a kiss
And empty are the motions that were freaking me out
And the shade of your love, I forgot who I was

Cause oh if you could only see
The lovely way you breathe
On the bed where you lay
To the corners of your eyes
If only I could have you tonight
Oh, yes if only I could have you tonight

And if you do please, I would follow you home
Cause everyone here's got someone
And if you do leave, I'll be back on my on
And I'll save your name for rainy days alone

Perfect are the people who are out on their own
You gotta get free to live
And girl you've got me singing like I'm not all one
In the shade of your love, I forgot who I was

Cause oh if you could only see
The lovely way you breathe
On the bed where you lay
To the corners of your eyes
If only I could have you tonight
Oh, yes if only I could have you tonight

If only I could have you tonight (x3)
Tonight... (2)
If only I could have you tonight
