Bring me home
I've never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

I stare down at the city lights
I spread my arms and claimed it mine
...scream for the world to see (?)
That I'm not afraid to dream

Bring me home
I never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

Deaf ears scream through the sleepless nights
As I battled with the time
Farewell to all the things I knew and all the things I left
behind

Bring me home
I never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

Bring me home
I never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

Just bring me home
Just bring me home
Just bring me home

Let the sky swallow me whole

Bring me home
I never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

Bring me home
I never felt so broken and alone
I'll let the sky swallow me whole
As I head out on my own

Just bring me home

Let the sky swallow me whole
