I see the time on the clock reads half past three  
I don't know why you waste your time on me  
I'll let you go to my head  
Cause my heart can't handle, my heart can't handle it

I belong on some barren, city streets  
Looking for some strength, but feeling weak  
And I'll let you go to my head  
Cause my heart can't handle, my heart can't handle  
this

Dance with me like you've never heard of gravity  
So to the night, I'll be the light  
Woah  
As we leave behind reality tonight

We're only as young as the night  
I said as your lips put up a fight  
I'll let you go to my head  
Cause my heart can't handle, my heart can't handle it

We shared secrets with sincerity  
I don't know why you waste your time on me  
I'll let you go to my head  
Cause my heart can't handle, my heart can't handle it

Dance with me like you've never heard of gravity  
So to the night, I'll be the light  
Woah

The city brought me to my knees  
I have to fight to fall asleep  
So to the night, but it's not right

And the city brought me to my knees  
I have to fight to fall asleep  
So to the night, but it's not right

Dance with me like you've never heard of gravity

Dance with me like you've never heard of gravity

So to the night, I'll be the light  
Woah  
As we leave behind reality tonight

Dance with me like you've never heard of gravity  
So to the night, I'll be the light  
Woah  
As we leave behind reality tonight
