I sit outside of your front door  
Let me in  
I was waiting nervously  
It starts again  
Thousand words run through my head  
All you said  
I am weary, wearing thin  
Let this love begin

[Chorus]

Like yesterday  
Just hold me close  
Like yesterday  
You're all I know  
Like yesterday, I need you now  
Forever and always  
Tomorrow and you won't let go  
Tomorrow and you're not alone  
Like yesterday I need you still  
Forever and always

And if you fell, well I'd catch you still  
And I'd carry you like the weight of the world

I wait outside in your backyard  
Our eyes meet  
We stare straight up at the stars  
Finally  
We're entwined between my arms  
Stay with me  
The moonlight washed over your skin, as this love  
begins

And if you fell, well I'd catch you still  
And I'd carry you like the weight of the world

[Chorus]

Like yesterday  
Like yesterday

Like yesterday  
Like yesterday

And if you fell, I'd catch you still  
I'd carry you like the weight of the world
