Some day you will find me
I haven't gone too far
I miss the way we were back then
How we laughed
I can feel you in my heart

There's a world in your eyes I can see it getting brighter
All the hours that we turned into days
We were young seemed like life would go on last forever
All I had was you by my side

Some day you will answer
Remember how we were
When all our hopes and dreams
Floated in the air
I feel it in my heart
I can feel you in my heart

That's the way that it was in the past you remember
When we ran through the wind and the rain
We were young seemed like life would go on last forever

Now everything has changed.
