how bout my first, next to your last? boy i could'na no better.

i could dance with you forever... and ever.

baby i dont want to let this go.

in your arms is where i feel secure.

oh, my heart has never been this sure... not ever.

uh huh, i waited forever...

uh huh, for you to love me like i love you.

now that we're together....

uh huh, all i want is for you to...

love me, love me... like you know i love you

want me, want me... like you know i want you

love me, love me... love me like i love you.

love me like i love you.

love me love me... like you know i love you

want me, want me... like you know i want you

love me, love me... love me like i love you.

love me like i love you.

i held my breath til i turned blue, waiting on you.

had my friends, even my family... call me a fool (call me a fool)

cuz they don't have the eyes to see you, for you. i saw through.

and if it looks so bad and it hurts so bad, why does it feel so good?

i waited forever...

uh huh, for you to love me like i love you.

now that we're together....

uh huh, all i want is for you to...

love me, love me... like you know i love you

want me, want me... like you know i want you

love me, love me... love me like i love you.

love me like i love you.

love me love me... like you know i love you

want me, want me... like you know i want you

love me, love me... love me like i love you.  
love me like i love you.

have so much that i want to say  
but sometimes words, they get in the way.  
and i don't want to play these games no more (games  
no more)  
oh, cuz i can be your Bonnie, if you can be my Clyde  
make this last forever cuz im down for the ride.  
and even if we fall, i rather risk it all...  
then say that we never tried

i waited forever... (i waited for ever)  
uh huh, for you to love me like i love you.  
now that we're together....  
uh huh, all i want is for you to...

love me, love me... like you know i love you  
want me, want me... like you know i want you  
love me, love me... love me like i love you.  
love me like i love you.

love me love me... like you know i love you  
want me, want me... like you know i want you  
love me, love me... love me like i love you.  
love me like i love you.

love me, love me... like you know i love you  
want me, want me... like you know i want you  
love me, love me... love me like i love you.  
love me like i love you.

love me love me... like you know i love you  
want me, want me... like you know i want you  
love me, love me... love me like i love you.  
love me like i love you.

oh oh. ohhhhhh.  
love me like i love you.
