Heard too many times
About his brand new car
I know that he drives you crazy
Guess the only option is to fall
When you get push too far
You think about the next time maybe
When it's calling a name on it
When he needs you back in his life cause
Cause he's got some secrets
And all of the came out
When he's calling your name
He can't make the payment
He needs you to stay

But you wanna to go
I know, I know

Cause I've been that girl
I've been that, I've been that, I've been that
That girl
I've been that, I've been that, I've been that
That girl
I've been that, I've been that, I've been that
That girl

Never again, never again
Never again, never again, never
Never again, never again
Never again, never again

Heard that he's got in tour
With his ex last Sunday night
Who really fights on a Sunday?
Must be sick to tell your friends
That it's all right
You want to change that shit one day
When you've been in the kitchen
And you fix him a dinner
You're ready to talking
But he doesn't listen
When he's ready to games
And you play your position

He`ll tell you to stay
But you wanna go
I know

Cause I`ve been that girl
I`ve been that, I`ve been that, I`ve been that
That girl
I`ve been that, I`ve been that, I`ve been that
That girl
I`ve been that, I`ve been that, I`ve been that
That girl
But
Never again, never again
Never again, never again, never
Never again, never again
Never again, never again
