[RBX]

Ha, ha, ha, ha

Just then, I received a phone call, it was Morpheus
And he said i was the one, ha realizing the deal Heaven
done

Turnin' to the east and all praise the sun

Now they blast me but they all miss

I do my 3D dance and remain undaunted

Then simply reverse the process

As the hot slugs hit their chest-plate, checkmate

Game over, you lose

Funky, drunken monkey technique without screws

As the sayin' goes, if ya snooze ya loose

And I won't be aimin' when the oozy ooze

Got em' runnin' for the hills

Style steady truckin' like eighteen wheels

Do got em' cluckin' like eighteen pills

The hex flies off then all the blood spills

[Snoop Dogg]

The Legend of Jimmy Bones

Sharp as nails, tough as stones

This ain't based on no true story

This the real motherfucker

[RBX]

Carry vocal tones, most definitely will

Cause more horror than Amityville

Get out, this my house

Got you scared niggas don't chew like a church mouse

When I swing the excalibur like Highlander

The head flies off you see thunder and lightening

Too much, too late to recognize your blunder

Suddenly you hear there can only be one, well just X

We apply wild west tactics like turn back-to-back

Take ten paces and draw, but I'm sneaky with mine

Turn around at nine and blast you in your spine

High-ride off into the hot sunset

Like the high plains drifter

Hear me mister, no one blast with the
When it comes to shootin' gives up
X marks the spot and guaranteed to lift up

[Snoop Dogg]

Payback is a dog and revenge is sweet
Murder is the cold that Jimmy lays on these wicked ass
streets

[Snoop Dogg]

I cut cha' head off, go ahead get cha' lead off, set it off
Motherfucker bit his leg off
I want revenge, this shit's gon' end
You thought I was gone, motherfucker I'm back home
Jimmy Bones, it's on so ain't no stoppin' this
I'll take you to the Necropolis
And place you in the front, remain calm through tis
damn thang
Listen here man
Killin' after killin' dealin' after dealin'
You motherfuckers don't really know how I'm feelin'
But I can't waste time and reflect on that
I gotta get these niggas who stabbed me in my back
Jeremiah, loop a bitch and aid mack
You turn my peoples out on the crack sack
7-9, remember that, way back
But Karma came back, now you motherfuckers have to
deal with that

[Snoop Dogg]

What goes around, comes around
Do unto other, as you would want them to do unto you
It's a dog eats dog world

[MC Ren]

Nigga fuck that, my black ass back from the grave
Fucked up is how we behave
Where the fuck you think you runnin' to
Everywhere ya bitch ass turn, I'm in front of you
Motherfuckers wanna scream but they choke
Pissin' on they self when I raise at they throat
Grab yo bitch that suck dick while I smoke
Then hang yo bitch using tape and rope
Go on motherfucker take two to the head
Don't give a fuck, villain already dead, already bled
List of names
All on they ass, nigga fuck these games
Here to cause pain
Can't back a bitch, when niggas gotta beg
Not to be filled up with lead
Time for me to fuck her, there villain get the fuck out

Leave you stuck out, leave yo fuckin' eyes plugged out

[Ricky Harris (excerpt from the movie "Bones")]
Jimmy Bones, is that you? We killed you motherfucker
and buried yo' ass with nothin but yo bitch's bloody
rags
Now I can count the holes in yo motherfucking chest [*
Gunshots *]

It's out, out, out
Jimmy bones
It's out, out, out
Jimmy Bones
AHHHHHHHHHHHHHHH!
