Turn from hot to very cool
Though it seems incredible
I could ride a bike around the room

*Cherry Blossom Clinic
Is there any truth in what they say
Cherry Blossom Clinic
Lock me in and throw the key away

In this sad position where I lie
From the corner of my eye
Callous friends just pass me by
Doctor pays a visit
Everyday I keep asking for my Dad

They must think I'm going mad
Lift the blankets off my face
Quick before I suffocate
Trying hard to meditate
Tell the people, "What a scene"
Write a letter to the Queen
Asking her if she can come to tea

(*repeat)

Up above the sun is high
Like a tea tray in the sky
Helicopter lands upon my bed
Phantom horses quickly fade
Turning into lemonade
Probably feel better when I'm dead

(*repeat)
