"Danny Partridge"

I just read the news in the paper yesterday
Danny Bonaduce just got busted in L.A.
He used to be 10 years old now he's 25
Busted for narcotics and he's facing 10 to life
"Danny Partridge Busted"
It happened just the other day
"Danny Partridge Busted"
Now they're gonna lock him away
We'll never see his freckled face smiling anymore
They're gonna put him in a cell and doublelock the
door
Shirley, Keith, and Reuben, I wonder where you are
Next time you see Danny he'll be safely behind bars
And he got busted
It never happened to me
Poor Danny
Little Danny Partridge wasn't as innocent as he seemed
He finally found an outlet for his moneymaking
schemes
I just can't believe it 'cause it seems so strange to me
The kid that we grew up with is a pusher on the street
