So this is goodbye more or less, and things have  
changed a lot I guess.  
In such a mess and so out of hand, though I think it  
went pretty much as  
You planned. It was so hazy till my eyes had cleared,  
now I can see  
Better but it still looks weird. Is that still you lying there?  
Why  
Can't I find you anywhere? I still don't understand this  
episode or why  
You led us down that road. But I think you knew where it  
would lead and  
How something would come over me. I still don't know  
just what it was. I  
Guess nobody every really does know why they do the  
things they do. Why  
Did I have to follow you? Deep Deep down, where it isn't  
safe to be.  
Cause I beat you there, and now they're comin' after  
me. You always were  
An angel in my eyes and now more than ever the term  
applies. The eyes  
Still see what the soul believes and you look so pretty  
underneath the  
Leaves. And though we part forever now I feel you'll be  
with me somehow.  
I believe in God and you know you're still my angel and  
I love you so.  
Deep deep down, pretty as the scenery. You're lying  
under it but I feel  
You watching over me. Now I've got to tear myself away  
because they'll  
Just find me if I stay. They wouldn't understand what  
we'd been through  
Or how I did it all for you. All to show you how I cared. It  
was the  
Last thing we ever shared together and I'll cherish the  
memory. And  
Carry a piece of you with me. Deep deep down, where  
I'm not supposed to  
Be. Cause I buried you there and thow they're coming  
after me
