I still haven't found a girlfriend though I've tried a lot so
can you help me please it's tougher than I thought. The
odds are pretty good but the goods are pretty odd still
at this point I'd take anything you've got. You see this
all the time nice girls in love with jerks what could they
be thinking tell me how it works. If I've got some
problems well I wouldn't be the first but the ones I have
in mind are even worse and even Hitler had a girlfriend
who he could always call who'd always be there for him
in spite of all his faults. He was the worst guy ever
reviled and despised even Hitler had a girlfriend so
why can't I? life is full of contradictions hard to
understand and for every happy woman there's a
lonely man. Nixon had his puppy Charles Manson had
his clan but God forbid that I get a girlfriend. Even
Hitler had a girlfriend who he could call his own to
sweeten days of bitterness and feeling all alone. I'm
not as bad as Hitler but it doesn't mean a thing since
they'd rather be with Hitler more than me I don't see
why they'd rather be with Hitler more than me.
