Baby, I love the way you be
Everything you think I want you to be
But I can't deny, my heart keeps asking me
If she'll still feel the way she did before?
So I feel for you
And when I'm through
I feel for you once more
You feel like you feel like you felt it too
Hey, you're as young as you feel
And you feel pretty young to me
Baby, when I lay beside you
In the still of the night
I can hear you sigh
And I'm hoping that you feel all right
I wonder how you're feeling now
(I think I thought about it once or twice)
So I feel for you
And when I do
You feel really nice
When the night is gone
I still feel you coming on
And I gotta tell you
How it feels to me appeals to me
I gotta try it every now and then
So I feel for you
And when I'm through
I feel for you again
