Miracles and lucky charms made the girl of my dreams  
the girl in my arms.  
Push will come to pull tonight and I'll have my hands  
full tonight  
and everything will be real all right because  
she's coming over tonight.

I'm gonna shave off my beard.  
And I'll try not to act too weird.  
Then I'm gonna kiss her tenderly, so don't ask her if  
she's free.  
She won't be, she'll be with me because  
she's coming, she's coming, she's coming over  
tonight.

Everyone makes fun of me.  
They do it right in front of me.  
They don't think someone shy like me can get a girl like  
that to  
like a guy like me.  
But now she's standing at my door.  
She's who I've been waiting for, so don't feel sorry for  
me anymore  
because she's coming, she's coming, she's coming  
over tonight.

Hey! Hey! Hey! Hey!  
We won't tell a soul tonight cause our mouths will be  
full tonight  
and talking with your mouth full isn't polite.  
All right.  
She's coming, she's coming, she's coming over  
tonight.
