There were things I could have told you but you've  
heard it all before and you look so calm and peaceful  
when you're passed out on the floor swallow everything  
swallow everything you're the pellet with the poison  
you're the hand that holds the pearl you're an alcohol  
girl in an alcohol world swallow everything swallow  
everything that's how a little bit of me becomes a part  
of you and I know I shouldn't be complaining cause I  
enjoy it too the eyes of a zombie and the will of a table  
for two swallow everything reject nothing you plant a  
new emergency for every one you kill it's a fluid it's a  
solid it's a powder it's a pill swallow everything swallow  
everything seeing double feeling single weigh the  
benefits and costs double single single double double  
single double crossed swallow everything swallow  
everything and someone will always be there for you to  
tell you what to say and you know you'll never walk  
alone cause you can't control your legs you know you'll  
believe it and it's only a weekend away swallow  
everything reject nothing.
