Barry Mann & Cynthia Weil

HIM:

Was I dumb or was I blind

Or did my heart just lose it's mind

Why'd I go and throw our perfect dream away

HER:

Looking back I'll never know

How I ever let you go

But destiny could see we deserved to have another day

BOTH:

Love led us here

Right back to where we belong

We followed a star

And here we are

Now heaven seems so near

Love led us here

HIM:

I confess it's sad but true

I lost myself when I lost you

But I held your mem'ry through each lonely night

HER:

Let's forget what's gone before

Now we both know so much more

And we've been given another chance to make it work
out right

BOTH:

Love led us here

Right back to where we belong

We followed a star

And here we are

Now heaven seems so near

Love led us here

HIM:

Now I know that life can take you by surprise

And sweep you off your feet

BOTH:

Did this happen to us or are we just dreaming

We followed a star

And here we are

Now heaven seems so near

Love led us here

HIM:

So take my hand
HER:
And have no fear
BOTH:
We'll be alright
Love led us here
