"Only Way Home"

Visit "[Only Way Home](#)" on MotoLyrics.com

Headed down the road I'm going round and round
Walking through the light and through the free and
easy land
All I want to know is how the world goes round
All I want to be is a traveling be a wandering man
Well you go one way
See it's some kind of fun way
Start exploring the two way
Wow it's just like a thruway
When you get to the three way
Can't be sure it's a free way
Got to find me the true way
That's the only way home
Well you go one way
See it's some kind of fun way
Start exploring the two way
Wow it's just like a thruway
When you get to the three way
Can't be sure it's a free way
Got to find me the true way
That's the only way home
