When you think you've got problems
When you're feeling confused
When you don't know from troubles
And your brain is in a shnew
Every Thomas Dick and hairy-face baboon
Thinks he knows which way to go
But I'm telling you the way you want to be
Listen up because I know
Don't be shy don't be lonely
Don't go falling on the floor
Watch you need now is only
Do the stuff you've always done before
Everybody's got some problems of their own
Everybody gets the blues
If you take some good advice I've got for you
Then you won't feel confused
Don't be shy don't be lonely
Don't go falling on the floor
Watch you need now is only
Do the stuff you've always done
And do it do it do it do it do it like before
