Well when I'm wembling west
I take the friend I like best
So we can wemle wemle wemle side by side
And when we're wembling south
We stick our feet in our mouth
And we just wemle wemle wemle as we ride
So now it's doodley do doodley doo
Do doodley doo
Bop booblely boo
'Cause a wembling song can't go wrong
Yes it's a doodley do doodley doo
Do doodley doo bop booblely boo
Just wembling on
We wemle most to the east
And north we wemle the least
But still we wemle wemle wemle along
Come on and wemle and you'll
Be just a wembling fool
'Cause that's the wemle womble wembling song
And it's a doodley doodley doo
Do doodley doo bop booblely boo
Because a wembling song can't go wrong
Yes it's a doodley doodley doo
Do doodley doo bop booblely boo
Just wembling on
