"We Will Be Disappointed Together"

I'm waiting with my arms up high
My eyes pulled tight to lines of worry
That you won't meet me here tonight
Am I reaching enough?
Am I reaching at nothing?
Am I reaching enough?
Am I reaching at all?
Tonight we will be disappointed together,
Disappointed together
This sickness for you hands abounding
Like some holy disease
A perfect symphony resounding
Am I reaching enough?
Am I reaching at nothing?
Am I reaching enough?
Am I reaching at all?
Tonight we will be disappointed together,
Disappointed together
Tonight we will be disappointed together,
Disappointed together
Tonight we will be disappointed together,
Disappointed together (4x till fade)
