And in this body that I occupy  
I've asked you question that can make you cry  
Until you come back and apologize  
It's very sinister this land of mine

In this body I occupy  
In this body I occupy  
In this body I occupy  
In this body I occupy

The tension's old and I am trying to say goodbye  
And what you told me I will amplify  
It doesn't matter that you obviously lied  
You only took me to defalsify

In this body I occupy  
In this body I occupy  
In this body I occupy  
In this body I occupy

Time never stops  
Oh no, time never stops  
And you'll keep coming back in time

Hey, this body  
This body  
This body  
This body

In this body I occupy  
In this body  
In this body I occupy  
In this body  
In this body I occupy

In this body I occupy  
In this body that I occupy  
In this body that I occupy  
In this body that I occupy  
Body I occupy

In this body I occupy

In this body I occupy  
In this body I occupy  
In this body I occu

In this body, body, body, oh  
In this body I occupy  
In this body I occupy  
In this body I occupy

In this body I occupy  
In this, in this, in this  
Body I occupy, body I occupy  
Body I occupy
