School, school
School, school, school, school
School, school, school

I don't wanna go to school, yes, it's true
I don't wanna see a teacher's face again
I don't wanna go to school every morning
I don't wanna go to school

I don't wanna go to school
I don't wanna go to school
I don't wanna go to school

Don't wanna go to school and that's for sure
Don't take me in the morning or I'll cry some more
And I'm really tired of being treated like a fool
I don't wanna go to school

You can't deny me of my
You can't deny me of my
You can't deny me of my freedom

You can't deny me of my
You can't deny me of my
You can't deny me of my summer
Oh, I don't wanna go to school

And you give us so much work I go crazy
Try to rest my head and you call me lazy
I look around and all I see is depression
And I'll tell you, teachers, I got a confession

All us kids wanna do is have some fun
But the work, the work, the work is never done
You always tell me to stop, to stop clowning around
I can't even make, make, make, make no sound
I can't make no sound

I don't wanna go to school
I don't wanna go to school
I don't wanna go to school
I don't want, I don't want

I don't want, I don't wanna go to school

I don't want, I don't want

I don't wanna go to school

I don't want, I don't want

I don't wanna go to school

I don't wanna go to school, no, I don't
