If that's not love then what is?
If that's not friendship then what is?
If that's not music then what is?

We've got that music in our blood.
Magic ceases and then we're done.
Magical feeling has begun.
Magical feeling has begun.

And before you know it we are there.
On top of the world it seems.
I don't know who or why, or where.
But I can still hear the music.

If that's not love then what is?
If that's not friendship then what is?
If that's not music then what is?

We've got that music in our heart.
Magic ceases and then we start.

Magical feeling has begun.
Magical feeling has begun.

And before you know it we are there.
On top of the world it seems.
I don't know who or why, or where.
But I can still hear the music.

If that's not love then what is?
If that's not friendship then what is?
If that's not music then what is?
If that's not music then what is?
If that's not music then what is?
If that's not music then what is?
If that's not music then what is?
If that's not music then what is?
