How many times, how many times do I have to say?  
Kiss your neck, play with your hair, promise everything  
will be okay  
When spaceships in bottles lips your a risk I'm willing to  
take.  
My heart in my chest the words from your moth may  
cause it to break  
I got a 1.26 for some coffee and you make me fucking  
sick.  
So get off me, I've got you where I want you; on the end  
of this gun.  
I know you hate when I try to put my words in your  
mouth  
And baby you say these things and you know they won't  
work out.  
You know I hate when you won't let me put my tongue in  
your mouth
