The message I got
It's me I'm the enemy
The record will flob
But you refuse to see.

We won't be ignored.
We won't be ignored.

Whether or not
You believe in anything
The message I got
Is made so that you can see.

We won't be ignored.
We won't be ignored.

We think
You should be captivated.
By every word and every melody.

We think
You should be captivated
By every word and every melody.

This means everything to me.
The chills you sacrifice for pride.

You expect in time for us to fall behind.
By every word and every melody.
You expect in time for us to step aside.
Step aside.

We think you should be captivated.
Captivated.

We all think
You all should be captivated.
Captivated.

We all think
You all should be captivated.
Captivated.

And when you start to listen.
And you find it in yourself.
Will you really listen?
Cause ignorance is expected
When it comes to acceptance.

We think
You should
Be captivated.
Captivated.

We all think
You all should
Be captivated.
Captivated.

With every word.
With every word.
With every word.
Comes a melody.

With every word.
With every word.
With every word.
Comes a melody.
