Guess who's comin' to my house.
Guess who's ringing my bell.
Guess who's gonna come over.
Comin' to wish me well.
Oh, I don't have to be sad and
I don't have to cry anymore. Oh...

CHORUS

Life is gonna be beautiful
'cuz I'm lovin' the boy next door.
Life is gonna get easy now
cuz' I'm lovin' the boy next door.

I don't have to go wanderin,
I don't have to hang out.
I don't have to get rained on,
cuz' love is at my back door.
I just look out my window
'cuz I know that he's lookin' for more. Oh...

CHORUS

The grass is always greener
on the other side.
And everything is just sweeter
since I opened my eyes.
The same things are different
and less is now lookin' like more. Oh...

CHORUS
