For every smile in the world
There's someone out there crying
And each time something is born
There's something dying
Still the river keeps on flowing
But we don't know what it is
And we don't know where we're going

For every sunny sky
Is a sky that's gray with warning
And in the darkest night
Somewhere it's morning
Still the wind keeps on blowing
And we don't know what it is
And we don't know where we're going

Bound together by something
But we don't know what it is
And we don't know where we're going
