Candy-O, I need you  
Sunday dress, ruby ring  
Candy-O, I need you so  
Could you help me in?

Purple hum, assorted cards  
Razor lights you'll bring  
And all to prove you're on the move  
And vanishing

Candy-O, I need you so  
Candy-O, I need you so

Edge of night, distract yourself  
Obstacles don't work  
Homogenize  
Decentralize  
It's just a quirk

Different ways to see you through  
All the same in the end  
Peculiar star, a-that's who you are  
Do you have to win?

Candy-O, I need you so  
Candy-O, I need you so

Candy-O, I need you so  
(Candy-O)  
Candy-O, I need you so  
(Candy-O)
