You told me you're leaving
You won't catch me crying
You think I don't care, but you'll see
That's why you are searching
To find what you're missing
You'll find you will be missing me
And you won't find better than me
Won't find better than me, won't find better than me
To love you like I do

Won't find better than me
Won't find better than me
Won't find better than me
To love you like I do

(Tell me why)
Tell me why
That you're leaving anyway
(I won't cry)
I won't cry
Because you're not gonna stay

You told me you're looking for someone to love you
Love you the way you loved me,
That someone is waiting right here where you left them
Open your eyes and you'll see
That you won't find better than me
Won't find better than me
Won't find better than me
To love you like I do

Won't find better than me
Won't find better than me
Won't find better than me
To love you like I do

Won't find better than me
Won't find better than me
Won't find better than me
To love you like I do

Won't find better than me

Won't find better than me
Won't find better than me
To love you like I do
To love you like I do
To love you like I do
