I'm searching for words to tell you  
I'm reading the things you wrote for me  
A few days ago and nothing's the same

You are the first who has been  
So important and special for me  
And I can't let you go away

I never thought this could be so deep  
When I first met you

Can't you see I'm going down  
Now that you are not around  
I hope that you won't forget  
The nights we had  
And every little trouble we faced together  
I'm going down  
And I feel I'm gonna drown  
If only you could be here next to me  
No matter what is around us  
I need you

Can't you understand what I feel  
When I see your eyes are closed  
And I'm lying holding you  
In a sweet embrace

Nobody's able to promise  
These feelings could last forever  
And I can't do that cause I don't wanna lie

Now the feelings I have are true  
I can't help telling...
