If you've got a pack of trouble
weighing on your worried mind
If you tend to see things double
and you can't unwind

Take a trip to Green Street Green
Get yourself a little scene
Everything is kind of groovy
down at Green Street Green

Situated north of Nancy
Just a little east of west
People there do as they fancy
Dressed in fancy dress

Take a trip to Green Street Green
Get yourself a little scene
Everything is kind of groovy
down at Green Street Green

There's a man with a band
Under the trees
Giving out the sweetest sound
While the birds and the bees everywhere
A-buzz-a-buzz-a-buzzin' around

So onomatopoeic evening
Hustle up a one way fare
Organize your time of leaving
A bus'll take you there

Take a trip to Green Street Green
Get yourself a little scene
Everything is kind of groovy
down at Green Street Green
