I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love, I gotta feel a reason  
To wash away the fear

I wish it was love, I wish it was freedom

No more games to play, no more words to say  
I'm sorry, there's nothing more to say  
For my heart to heal, this is how I feel  
So sorry, there's nothing more to say

I see it now like the rain is falling  
Falling from the clouds that hide the sun  
It's over now, a new day is dawning  
It's time that we go our own way

I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love, I gotta feel a reason  
To wash away the fear

I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love, I gotta feel a reason  
To wash away the fear

No more hearts to break, promises to make  
Me sorry, I've nothing more to give  
Now the time is here and I have no fear  
I'm sorry for all I can forgive

I see it now like the rain is falling  
Falling from the clouds that hide the sun  
It's over now, a new day is dawning  
It's time that we go our own way

I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love, I gotta feel a reason  
To wash away the fear

I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love, I gotta feel a reason  
To wash away the fear

I wish it was love, I wish it was freedom  
Many times I thought that it was meant to be  
Gotta feel love, I gotta feel a reason  
To wash away the fear
