

## Melanie Thornton "Too Late"

Visit "[Too Late](#)" on [MotoLyrics.com](http://MotoLyrics.com)

This is the end  
You did it again  
Stop to pretend  
That you are in love with me

Stop telling me lies  
I ain't gonna cry  
No more alibis  
High crime in the first degree

I won't let you hurt me, baby  
I won't let you drive me crazy  
I don't trust your angel eyes  
It's time to say good-bye

I've learned in this game for two  
Don't forget your heart  
It's my turn, I will start again  
And do the things I love

It's too late, you had your chance  
The game is over, time out  
I'm not a game to play  
I'm not your joystick when you play your game

It's too late for you to say, "I'm sorry, baby"  
Time out  
I'm not your Game Boy, no  
I'm not your play-girl you can push around

No more games with my heart  
No gamble with my love  
Right back to the start  
This is where I have to go now

Respect my dreams  
And do the things that I need  
That's how I feel  
Gonna live my life right now

I won't let you hurt me, baby  
I won't let you drive me crazy

I don't trust your angel eyes  
It's time to say good-bye

I've learned in this game for two  
Don't forget your heart  
It's my turn, I will start again  
And do the things I love

It's too late, you had your chance  
The game is over, time out  
I'm not a game to play  
I'm not your joystick when you play your game

It's too late for you to say, "I'm sorry, baby"  
Time out  
I'm not your Game Boy, no  
I'm not your play-girl you can push around

Still in love with you, baby  
It hurts so bad  
Love is tearing my heart apart

It's too late, you had your chance  
The game is over, time out  
I'm not a game to play  
I'm not your joystick when you play your game

It's too late for you to say, "I'm sorry, baby"  
Time out  
I'm not your Game Boy, no  
I'm not your play-girl you can push around

It's too late, you had your chance  
The game is over, time out  
I'm not a game to play  
I'm not your joystick when you play your game

It's too late for you to say, "I'm sorry, baby"  
Time out  
I'm not your Game Boy, no  
I'm not your play-girl you can push around
