(CHORUS)

Grownups tell me

The birds and the bees

Do other things than

Live in trees

If you ask me what I think

This is what I'll say

The bees are for the birds

The birds are for the bees

And I don't care anyway

The honey from the bee

Birds singing in the tree

Then the?

It's got nothing to do with me

(CHORUS)

Well, birds and bees and ABC's

Live their lives in hives and trees

Birds don't always live in trees

Please don't look at me

(CHORUS)

So, birds chirp and bees buzz

No one cares less than I does

I don't care if they can fly

It's got nothing to do

With you and I
