Lets sing a song, sing one all day long.  
Lets sing a song, sing one all day long.  
Lets sing a song, sing one all day long.  
And we'll give you a chorus,  
That can change hearts,  
Because we all know,  
That they're the best parts.  
So lets sing, so lets sing out loud.

You have to walk, before you run.  
You have to fall, before it's done.  
So walk, and take the first step.  
Don't stop, just get the concept.  
And we'll sing to you some more.  
And we'll sing to you some more.

So we're singing a song, singing all day long,  
We're singing a song, singing a song.  
It's an epic, direct hit.  
We're singing a song, singing all day song.  
We're going to lift you up,  
Stand up, if you're not standing up.  
And we'll give you a chorus,  
That can change plans,  
But just grasp our hands,  
And we'll sing to you some more,  
And we'll sing, we'll sing out loud, sing right now.

You have to walk, before you run.  
You have to fall, before it's done.  
So walk, and take the first step.  
Don't stop, just get the concept.  
And we'll sing to you some more.  
And we'll sing to you some more.

And here's my hand, here to help you stand.  
I said, "Here's my hand, here to help you stand."  
Here's my hand, here's my hand.  
Here's my hand.

So walk, before you run, and stop, before it's done.  
We're going to lift you up, stand up if you're not

standing up.  
Stand up, with us, stand up with us.  
And we'll give you a chorus,  
That can change hearts,  
Because we all know,  
That they're the best parts.
