Lay in your bed alone.  
Give me a decent goodbye.  
I could walk away from you,  
But I could also easily die.  
You've got your life,  
Your family and friends.  
I've got mine,  
Where everything always depends.

How loud must I sing?  
How long must I wait?  
Me and you,  
It has to be fate.

I wander in the streets,  
I wonder awake at night,  
If I had to, wanted to,  
Get my words just right.  
When I learn to spit them out,  
You'll be the first to know, I swear,  
For you, I'll always,  
Always be there.

Listen very closely darling.  
I can no longer wait,  
Me and you,  
It has to be fate.

For the brightest soul,  
To the prettiest heart,  
To the heartfelt smile,  
I love you.  
For the brightest soul,  
To the prettiest heart,  
To the heartfelt smile,  
I love you.  
For the brightest soul,  
To the prettiest heart,  
To the heartfelt smile,  
I love you.  
I love you.
