You don't know me well
I don't have your heart
I've been under your spell
Right from the start
You don't know how strong
You don't know how true
You don't know how long
I've waited for you
If I ever break your heart
If I ever break your heart
If I ever break your heart
I think I'd die
You were on my mind
You were in my sleep
You were one of a kind
I wanted you deep
I didn't know your name
I've never seen your face
But I knew just the same
I was was saving your place
If I ever break your heart
If I ever break your heart
If I ever break your heart
I think I'd die
I don't need nothing
But the clothes on my back
No wind and weather
Gonna throw me off track
Don't need the riches
Fame and fortune might bring
If you'll hang with me
I don't need anything
Let the sun go down
Gonna be all right
Wanna fill your day
Give the light in your night
If I ever break your heart
If I ever break your heart
If I ever break your heart
I think I'd die
If I ever break your heart

I wouldn't even know where to start
If i ever break your heart
I think I'd die
