I quit
I quit
I quit
I quit

This isn't really how it's gonna be
This isn't really how it's gonna be
Got to convince myself
Otherwise I might just

Over this
Over that
Over these
Overblown
Overly concerning
Overgrown
Over constructing
Overly in depth
Over reactions

This isn't really what I think it is
This isn't really what I think it is
Got to convince myself
Otherwise I might just

Let the rope snap
Let the rope snap
Let the rope snap
Let the rope snap
I got the razorblade
I got the razorblade
Cut the rope
Cut the rope
Let the rope snap

It's a hard walk in these concrete shoes
