Someone cut the rope and get me down
Cause I've been waiting for a long time now
I've gotta find somewhere to rest
Somewhere to rest my head
Build me up and bring me down
Build me up and bring me down

It's getting harder to be real again
But that don't change the way I feel
Someone pull me up to get some air
Because I've been feeling so low
Ain't nobody gonna drag me down
Cause im still healing from the last time

Build me up and bring me down
Build me up and bring me down

Build me up and bring me down
Build me up and bring me down
Build me up and bring me down
Build me up and bring me down
