There's a place underground  
Where I go when your out  
I'm at home making sounds  
And I can see what you can see, the time has come  
And everything you've ever been is overcome  
You're leaving all your past behind, it's for the best  
You've realised this kind of life is all that's left

Can you hear, can you hear, can you hear  
Can you hear, can you hear, can you hear

There's a place underground  
I'm alone now I've found  
There's a place where im bound  
And I can see what you can see  
The time has come...

Can you hear, can you hear, can you hear  
Can you hear, can you hear, can you hear

Can you hear me, can you hear me, can you hear me  
Can you hear me, can you hear me, can you hear me

Can you hear, can you hear, can you hear  
Can you hear, can you hear, can you hear
