Who the hell said that less is more?  
Never met a girl that'd leave me poor  
But I still want more  
Try to give her this but she wants that  
Got an appetite for what I don't have  
But I want her bad

1, 2, 3, 4  
Got to get her through the door  
5, 6, 7, 8  
Tell me what it's gonna take

Girls wanna rock, the girls wanna rock  
I ain't got nothing, nothing still I'm trying to give her  
something  
What she wants oh-oh  
Ain't what I got no-oh  
I won't ever stop  
The girls wanna rock

Got to love the way she moves her hips  
Want to get a taste of that money on her lips  
Oh it's all I've been thinking  
Wanna see her lying in my band's t-shirt  
She could make it 20 times more than what it's worth  
Oh Lord it hurts

1, 2, 3, 4  
Working hard to give her more  
5, 6, 7, 8  
I'll do anything it takes

Girls wanna rock, the girls wanna rock  
I ain't got nothing, nothing still I'm trying to give her  
something  
What she wants oh-oh  
Ain't what I got no-oh  
I won't ever stop  
The girls wanna rock

Girls wanna rock, the girls wanna rock

I ain't got nothing, nothing still I'm trying to give her  
something  
What she wants oh-oh  
Ain't what I got no-oh  
I won't ever stop  
The girls wanna rock

Watching as my world goes round  
Watching as it goes round her  
I'm dreaming of a perfect day  
Well you know she's gonna come my way  
My way, my way

The girls wanna rock, the girls wanna rock  
But I ain't got nothing honey I just gave you all my  
money  
What she wants oh-oh  
Ain't what I got no-oh  
I won't ever stop  
The girls wanna rock

The girls wanna rock, the girls wanna rock  
Someday she's gonna see that I'm the only one she  
needs and now  
What she wants oh-oh  
Is what I got oh-oh  
I won't ever stop  
The girls wanna rock

The girls wanna rock, the girls wanna rock  
(girls wanna rock)

Oh, they wanna rock  
The girls wanna rock, the girls wanna rock  
Someday she's gonna see that I'm the only one she  
needs oh-oh  
The girls wanna rock, the girls wanna rock  
The girls wanna rock, the girls wanna rock  
The girls wanna rock
