Here's my address it's just emptiness
Here's a liar's story I'm about to tell
Tragedy struck and I've run my luck
Now it's time to play the hand that I've been dealt

Don't try to walk away 'cause it's my day
You've got it all if you want it, you've got it all if you
need it
You've got it all, it's up to you

Chasing a lie 'til the true things die
You're a marching soldier through a blind man's eye
Take it or not just know what you've got
This cup is sweet and poisoned but your lips are dry

Don't try to walk away 'cause it's my day
You've got it all if you want it, you've got it all if you
need it
You've got it all, it's up to you

You've got it all if you want it, you've got it all if you
need it
You've got it all, it's up to you

Don't try to walk away
Don't try to walk away 'cause it's my day
You've got it all if you want it, you've got it all if you
need it
You've got it all, it's up to you

You've got it all if you want it, you've got it all if you
need it
You've got it all, it's up to you

You've got it all, you've got it all
You've got it all, it's up to you
