Now I don't have to climb the highest mountain  
And I don't have to sail the seven seas.  
Now I don't have to push myself through desert sands  
'Cause she's gonna find me here.

And I don't have to put on all my best clothes  
And I don't have to put on a show.  
Now I don't have to act like a total stranger  
'Cause she's gonna find me here.

When she finally arrives  
It will be right on time.  
And I'll know that it's real  
'Cause the light in her eyes  
Will look through and show what a fool I had been  
To search far and wide with my heart in my hands.

And I don't have to worry about her  
'Cause I know she's fine, now, on her own.  
Now can put my mind on things in my own life

'Cause shes gonna find me here.  
You know that she's gonna find me here.

And when she finally arrives  
It will be right on time.  
And I'll know that it's real  
'Cause the light in her eyes  
Will look through and show what a fool I had been  
To search far and wide with my heart in my hands.

Now I don't have to cut up my heart  
Into pieces so small  
And give them to those who don't care.  
Now I don't have to search for one girl  
In the depths of my soul  
'Cause she's gonna find me  
'Cause she's gonna find me  
You know she's gonna find me here.  
I don't have to search far and wide  
'Cause she's gonna find me here
