Now I have a friend
Of a friend
Of a friend
There's something about her that makes me scared
It's something I'm afraid of
Something I relate to
Something that I don't like to dream of

She's a beautiful girl with
An unhealthy addiction
To feeling like she's not
Good enough
Wouldn't be such a problem
If she werent into perfection
But she is
That makes life a little rough

Now I could worry
I could cry
I could try
But I'd still lose sleep
Over her
Over what it is that I think
Because when I see her;
A reflection of myself
That's not something that I'm proud of
And even though she's beautiful
I know that we share a fault
Probably not one so uncommon

She's a beautiful girl with
An unhealthy addiction
To feeling like she's not
Good enough
Wouldn't be such a problem
If she werent into perfection
But she is
That makes life a little rough

Now her friends say she's crazy
She can't see herself
But I think she's human

And I feel like that too
When I don't feel good enough

She's a beautiful girl with
An unhealthy addiction
To feeling like she's not
Good enough
Wouldn't be such a problem
If she werent into perfection
But she is
That makes life a little rough

She's a beautiful girl
Good enough
Unhealthy addiction
But she's good enough
