Mean monkey thieves
They stole my soul
Miles from home
In a place that's never cold
Do you know,
Do you know,
Do you know,
Whatever happened to us all?
I never will

You know, I think of you sometimes
Early days and wovs
You knew they wouldn't last
Come again
Come again
Come again - I want to say
But never will
But never will

There's still a day, I'd let you in
Now you know,
Yeah, you know I didn't win
Come again
Come again
Come again - I want to say
But never will
I never will

You didn't think that I... I'd be OK
I'd be OK

Come again
Come again - I want to say
But never will

You didn't think that I... I'd be OK
I'd be OK
