There is something inside me
It's got my hands and soul and head
I miss my wife
I miss the life I'll never see
I'll sit and wait
'Cause life could happen yet

There's something missing
I know I've seen a magazine
Days' quiet night
It has me thinking till I die
Or fall asleep
Bless the details

Stupid man who shows up dead
Fell out the window broke his leg
Sometimes things just make no sense
But you, my dear,
You know what's coming next
Have a go again

There's something missing
I know I've read a magazine
Days' quiet night
It has me thinking till I die
Or fall asleep
Bless the details

Stupid man who shows up dead
Fell out the window broke his leg
Sometimes things just make no sense
But you, my dear,
You know what's coming next
Have a go again

My head's so small now
That's why I have to think in parts
Days' quiet night
It has me thinking till I die
Or fall asleep
Bless the details

Stupid man who shows up dead
Fell out the window broke his leg
Sometimes things just make no sense
But you, my dear,
You know what's coming next
Have a go again
