Definitions defined and this goodbye... And this is so long... And this is farewell... This is it. Far from a proper goodbye.

We've shared this life and we've shared this place.  
Your legacies, I'll carry with me on to the grave.

-Goodbye is when the casket closes... I never thought I'd be here today.  
I never thought I'd be here... I never thought I'd be here, again.

It all falls apart... So many unanswered questions  
-How could you take them away from us all?  
-A question of faith upon destiny...  
I need not believe to falsify the acceptance of life.

I never thought I'd be here... I never thought I'd be here, again.  
-Goodbye is when the casket closes... I never thought I'd be here today.

And the years continue to pass while the memories are forever engraved  
-How can I blame, what I don't believe?  
-Wasting my time praying on deaths door...  
I need not believe in your lies, it's the cycle of life.
