The sun came pouring upon my face  
I heard the silence of empty space  
Took my passion, my dream of life  
Let me, too weak to fight  
Please don't say it, I won't take it anymore  
Why should I run and hide

[Chorus]

We, we are what we are  
We're just like anybody else  
We, we are what we are  
We only want to be ourselves

Look up above me, look all around  
Imagination, is what I found  
I never asked you, to go away  
Didn't want to cause you pain  
Please don't say it, I won't take it anymore  
Why should I run and hide

[Repeat Chorus]

Ourselves, Ourselves

[Repeat Chorus] x3
