Rain is falling
All the way to the bus stop
Hear them calling
You run away

Try not to leave any traces
All the places that you've never been
There must be somebody out there
Who can take you away from all this

Chorus:
You're unwanted (You're unwanted)
You're unloved (You're unloved)
You're all I desire (all I desire)
But you're so easily pushed

Day after day
I watch you dance in the silence
Chasing rainbows
One step away

How can this life be worth living
When you're giving your soul every day
There must be somebody somewhere
Who can chase all the demons away

Chorus

I won't deceive you
It never was my intention
I'll never leave you
Oh, let me stay

Hide in the dark if you want to
And the sunshine won't hurt you today
There must be somebody somewhere
If you're lost then I'll show you the way

To the chorus melody:
And it feels like the first day of your life (You're
unwanted)

On such a beautiful day (You're unloved)
This must be the first day of summer (You're
unwanted)
So bright it blows you away
