we are closer  
closer than we've ever been  
to another life  
to knowing what that means  
consciously creating new realities  
carrying on the wings of change  
hold your breath and count to ten  
generations (?) are falling down  
and i don't care what people say  
there is no sign of weakness  
don't let them call you crazy  
cause you can  
you can fly  
you can  
you can fly  
you're the only one whose mind is (??)  
not another headline  
not another lie  
just don't care what people say  
don't let them call us crazy  
don't let them keep in you in the dark  
no cause you can  
you can fly  
oh you can  
you can fly  
are you living a life  
or you do much in your head (?)  
when you know the truth is in your heart  
no matter what anybody says  
do it anyway  
don't let them keep us down  
no cause we can  
we can fly  
oh yeah  
we can  
we can fly  
you can  
you can fly  
oh you can fly  
yeah you can fly
